The following is a schedule of the fees that are payable for our services and/or the commissions we may receive from product issuers. Note that you may pay a fee for a service and we may also receive commissions as a result of you accepting our recommendations. The costs applicable to the services you require will be discussed with you by your adviser.

Paragem will pay Black Swan Event Financial Planning Pty Ltd 90% of the fees, commissions and additional commissions detailed in this schedule and Paragem will retain the balance,

John is a salaried employee of Black Swan Event Financial Planning Pty Ltd.

Fees

The level of remuneration will depend on the services provided.

The first meeting with a potential client is free of charge and without obligation.

John will want to get a picture of your financial position, goals and objectives and you can ask John any questions about the services he offers.

At the end of the meeting John has an idea of what is needed and the client has an understanding of what will be provided.

The exact packaging of fees may vary from client to client, but some examples are :

Strategic Advice Only

This provides a client with a strategic plan only but no product advice. The exact fee will depend on that client's requirements and the complexity of the situation.

The range of fees could be from a low of \$550 (for a very simple situation) up to \$7,700 for a very complex plan. Most fall in the range of \$1,000 to \$5,500 (including GST). Clients are directly invoiced.

Statement of Advice

Where the client needs a Statement of Advice, which includes specific product recommendations, a fee may or may not be charged for the preparation. The fees may range from \$550 to \$7,700 (for very complex cases). Importantly you will be quoted a figure in advance, well before you have to commit yourselves. The amount may be paid separately or, if applicable, deducted from invested funds (by agreement).

Implementation

When investments are made, there will be an implementation fee. Once again, the fee will be quoted up front, before you have to make commitments. The fee may be a dollar amount or a percentage of funds invested. The dollar amount may range from \$500 to \$5,500 or from 1% to 3% of funds invested (including GST). It can be deducted from funds invested or paid separately (by agreement).

Ongoing (Review) Fees

Ongoing fees are calculated as a percentage of funds under advice. This aligns the interest of adviser and client. As the value climbs, so does our fee, but if the value falls, our fee also falls. The percentage may vary from 0.75% p.a. to 1.10% p.a. (including GST). It is deducted from invested funds.

The following outlines the scale of fees that may be payable.

For example, if you have \$200,000 invested, for which an ongoing fee of 1.10% is payable, fees will be \$2,200 per annum.

or

Fees can be deducted directly from your investments based on a fixed dollar amount. For example, if your annual and ongoing advice fees are \$11,000 per annum, \$916.67 will be deducted from your investment each month.

The scale is meant to cover all possibilities and not all fees are payable in every case.

At all times, we make our fees reasonable and you will always know what you will be up for before having to commit to anything.

Securities Dealing

Where we arrange for the securities to be transacted we will charge a dealing fee of between 0% and 2% of the value of the securities. For example if the value of securities to be transacted is \$1000 we may charge \$20.

Commissions

Investment products

We can only receive commissions from investment products if we have an existing agreement with the product provider prior to 1st of July 2013.

1. The issuers of the investment products I recommend may pay an initial commission. This commission which can vary depending on the product and manager is generally in a range of between 1% and 5% and calculated on your investment amount.

For example, if you invested \$10,000 and we charged you 1% initial commission we would receive \$100.

In addition

2. The issuers of the investment products I recommend may pay an ongoing commission. This commission which can vary depending on the product and manager is generally in a range of between 0% and 1% of the balance in your account per annum. This commission is paid each quarter.

For example, if your account balance was \$11,000 and we charged 1% ongoing commission we would receive \$110 per annum.

Insurance Products

Commissions can be received for life insurance products with the exception of life insurance implemented after 1 July 2014 for a member in a default superannuation or a group life policy in a superannuation fund.

1. The issuers of the insurance products I recommend may pay an initial commission. This commission which can vary depending on the product and insurer. The maximum initial commission that will be accepted is 88% (inclusive of GST) of the initial premium you pay in the first year.

For example if your premium is \$500 and the insurer pays us 50% we will receive \$250.

In addition

2. The issuers of the insurance products I recommend may pay an ongoing commission when you renew your policy. The maximum renewal commission that will be accepted is 22% (inclusive of GST).

For example if your renewal premium is \$550 and the insurer pays us 10% we will receive \$55.

Potential Conflicts of Interest

Ownership

Paragem Pty Ltd, our licensee, is a wholly owned subsidiary of HUB24 Limited, an ASX listed company that provides an investment administration and reporting platform. If you use the HUB24 platform, Paragem's employees and Authorised Representatives may benefit financially by virtue of being shareholders in the company. A self managed superannuation fund of which John Cameron is a member, hold shares in HUB24.

We are obliged to always act in a client's best interests and will only recommend the use of the HUB24 platform if it is appropriate to do so. We also continue to use other platforms to implement our investment advice. If you would like additional information on how HUB24 compares to other platforms or would like to use an alternative platform please let us know.

Additional Commissions

Black Swan Event Financial Planning Pty Ltd may also receive additional commissions calculated on the aggregated amount of funds it has placed with the platform provider. The additional commission is calculated as a percentage of the administration fee after the deduction of all costs. Therefore the amount is already included in the fees the product provider deducts from your investment account or insurance premium. The percentage will increase as certain totals are reached. If an additional commission results from advice that John provides to you then specific details of that arrangement will be provided with the advice. We are only able to receive these commissions where we had an existing arrangement with the platform provider prior to the 1st of July 2013.

To illustrate this point, as a result of the funds that Black Swan Event Financial Planning Pty Ltd already has under administration with BT, the percentage of additional commission is 30% of the Administration Fee. As the level of funds under administration increases, the percentage of additional commission can also increase. An example of this will be provided in the Statement of Advice, if applicable.
